

Healthy Drops, Healthier you

HUMMING DROPS

HEALTHY, FRESH BREAKFAST BOXES
DELIVERED TO YOUR DOORSTEPS

In Partnership with

ABOUT US

Our Mission

Humming Drops was founded on the simple belief that achieving optimal health shouldn't be a struggle. We are dedicated to delivering essential daily nutrition right to your doorstep, making wellness effortless and enjoyable.

The Problem We are Solving

In today's fast-paced world, finding the time to consistently add the right nutrients and vitamins to your diet is a common challenge. Many people miss out on the vital goodness of fresh fruits and vegetables, impacting both their physical and mental energy.

Our Solution

Humming Drops solves this by offering a convenient, monthly subscription service for fresh mixed cut fruit boxes, delivered every morning. We ensure you receive the natural vitamins and nourishment you need through meticulously prepared, high-quality produce.

More Than Just Fruits

Your commitment to a healthy body with Humming Drops also unlocks access to the MedCity Smiles Community, in collaboration with MedCity Labs, creating a holistic path to both physical and mental happiness.

MEDCITY SMILES

Why mental health matters to us?

Just as Humming Drops nourishes your body, Medcity Smiles focuses on providing a supportive, inspiring space where members can participate in expert-led seminars, engaging classes and joyful live sessions designed to help you laugh, share happiness and discover a positive outlook on life. Our expert led seminars and community shares offer tools to master these skills and gain emotional clarity.

Our Holistic Plan: Mind And Body Health

- **Fuel your brain:** Eating a balanced diet supports brain health and is key to a stable mood. (That's where your Humming Drops monthly package comes in!).
- **Exclusive Health Monitoring for free:** Your membership includes a free monthly checkup for 1. Blood Sugar
2. Cholesterol
3. Blood Pressure

Cultivate Positive Self-Talk

- Challenge negative thoughts and replace them with realistic, kind ones.
- Celebrate small achievements and progress.
- Be patient and compassionate with yourself.

Discover your happy-healthy coping mechanisms

- Engage in physical activities (exercise, yoga, deep breathing).
- Practice mindfulness and meditation to stay present.
- Use creative outlets like art, music, or writing to express emotions.
- Join our live sessions! We practice these skills together in our community gatherings and live sharing sessions.

OUR GOAL

Nourishing the Body. Uplifting the Mind. Building a Happier Community. At Humming Drops, we believe true wellness is more than just eating healthy. It is about taking care of your body, mind, and everyday happiness. Our goal is to make healthy living simple, accessible, and enjoyable — through fresh, thoughtfully prepared food and a community that encourages people to take better care of themselves. Through MedCity Smiles, we also aim to create a supportive space for mental wellbeing, positive connections, awareness, and meaningful everyday experiences. We envision a community where people don't just receive healthy food, but also feel heard, valued, encouraged, and connected. Because wellness is not one big change.

It is made up of small, positive choices every day.
